

HOTEL IN CPH:

A cheap and convenient possibility is called the BB-hotel Kastrup. It is self service - when you book you pay immediately and get a code that serves as key. There is no staff at the hotel.

It is situated in walking distance from the international terminal at the airport. A friend of mine stayed there and he walked while others took taxis. He was at the terminal before the taxis. It takes approx. 15 minutes to walk to the terminal.

The website is

www.bbhotels.dk

You choose Kastrup (the name of the Airport in Cph) for the right hotel.

They have one , two and three bedded rooms. And you will not find anything cheaper in Chp.
