# Introduction to Computer Science
# E15 – Study Group – Week 45

- Pages 213–214: 3, 4, 5, 7, 8 (how easy is it to control which cookies are placed on your computer?)

- Page 268–269: 1, 2, 3, 6

- In connection with the last question, consider the people who designed and wrote the software for allowing VW diesel cars to pass pollution control checks. See

    https://en.wikipedia.org/wiki/Volkswagen_emissions_scandal

- Pages 455: 3, 6

- Consider any problems left from the discussion section on databases.
