

DM551/MM851 Prerequisite test

November 17, 2021

Rules

This is the prerequisite test for DM551/MM851. The sole purpose of the test is to force you to actively confirm that you are following the course **and** plan to attend the oral exam. The reason for having the test is that we have had far too many no shows at previous exams and suspect that many of these are due to students who are no longer active.

Note that if you do not hand in your reply to this 'test', then you will not be allowed to attend the exam!

It is also important to note that **everyone** must hand in this test, even though you have shown activity by handing in both of the sets of exam problems.

What should you do?

All you have to do is to write a one page sheet (in PDF) where you

- write your name and the first 6 digits of your cpr number **and** write that you intend to attend the oral exam.
- List 3 different topics that you have seen in the course and where to find something about this in the course materials (just one line per topic).

When and how to hand in your report

Your report must be handed in by Friday December 3 at 8:00 as a **PDF** on itslearning
